

CITS5206 - IT Capstone Project

MEETING MINUTES - <3D Interface Farm Printer> <Group 16>

Date of Meeting: <26/08/2026>

Location: Teams

Chair: Sahil Pankajbhai Patel

Minutes Prepared By: Su-Yeon Yang

1. Purpose of Meeting *(add rows as necessary under banner headings)*

To propose MVP and discuss team's progress on their allocated parts

2. Attendance at Meeting

Name	Department / Division	E-mail	Phone
Su-Yeon Yang	Department of Computer Science and Engineering	24650461@student.uwa.edu.au	
Sanchia Recson Lakkarvi	Department of Computer Science and Engineering	24732787@student.uwa.edu.au	
Sahil Pankajbhai Patel	Department of Computer Science and Engineering	24562775@student.uwa.edu.au	
Nuwanga Niroshan Hewa Wiladdarage	Department of Computer Science and Engineering	24684008@student.uwa.edu.au	
Han Nguyen	Department of Computer Science and Engineering	24643978@student.uwa.edu.au	

3. Meeting Agenda

MVP discussion (Sahil), Mock server explanation (Han), Frontend discussion (Sanchia), backend integration discussion (Su-Yeon), backend authentication (Nuwanga)

4. Meeting Notes, Decisions, Issues

The frontend matches well with the client's expectation. The team agreed to having a centralised interface for printer control (notification, operation [stop/start], camera view, printer status) rather than having separate tabs for each. The mock server built out of scratch is seen as 'advanced' to what the team has at the moment, therefore needs further explanation or kept until the team reaches the testing stage. The team has also divided their backend workloads as ff: Authentication/Authorisation, endpoint configuration (Sahil, Nuwanga), API Integration and information retrieval (Su-Yeon).

CITS5206 - IT Capstone Project

5. Action Items

Action	Assigned to	Due Date	Status
Polish the frontend	Sanchia	9 Sep	To do
Auth/RBAC	Sahil, Nuwanga	9 Sep	To do
API connection/db	Su-Yeon	9 Sep	To do
Additional support	Han	-	

6. Next Meeting

Date: (DD/MM/YYYY)	09/09/2026	Time:	11:00 AM	Location:	Microsoft Teams
Agenda:	To discuss progress and raise questions if needed
